

Kindergarten May Newsletter

Learning Corner

ELA

Our class has made great strides in reading this month! We continued learning about long vowels including long o spelled o_e (home, code, mole) and long u spelled u_e (tube, cube). We also learned several new sight words including *over, again, find, over, again, pretty, all, now black, white brown, good, open, could.*

Math

We are now teen number experts! Our class continued to learn about teen numbers as 10 and ___ ones using pictures, number bonds, and number sentences to match.

Additionally, we learned to count on from a given number within 100. Next, we will learn about composing 2D shapes.

Religion

Our class honored Mary during the month of May! We learned more about Mary's selfless life, how we can honor Mary, and how to pray the rosary. We also learned about honoring saints during Ordinary Time. Several saints we studied include St. Patrick, St. Martin de Porres, and Saint Joseph.

Science

This month our class learned about making observations, noticing patterns, and describing objects according to material, color, and size. We also learned about finding lines of symmetry!

Social Studies

Our class learned about how different regions have different kinds of cultures, languages, dress codes, and even foods! We also explored different inventions including phones and cars. In addition, we learned about Memorial Day and how to honor soldiers who have died fighting for our freedom.
