

MRS. FULTON'S COMMON CORE MATH 7

Hello Parents and Students,

The objective of the middle school mathematics program is to foster competency in computational skills, develop problem solving skills, provide foundation for future study, develop a positive attitude towards mathematics, and give each student insight into how mathematics is useful in the understanding of our world.

The most important things you can do to help your child succeed in Math 7 is:

- Join our class using REMIND (directions attached)
- Check Educate on parent portal often

REMIND

Please join our class by following the directions attached. You will receive messages from me almost weekly. I will relay information about upcoming quizzes, tests and graded worksheets.

PARENT PORTAL

You have access to EDUCATE on our schools website under the parent portal tab. Through this tool you will be able to view your child's scores on assignments, tests, quizzes, as well as progress reports and report cards. **I will not call you every time your son or daughter misses an assignment.**

Quarter averages will be calculated as follows (ADNY):

Tests/Presentations/Projects	45%
Quizzes/Graded Work	25%
Homework/preparedness	10%
Participation/Classwork	20%

All tests and quizzes will need to be signed by a parent or guardian.

WORKBOOK

Eureka (EngageNY) Grade 7 Modules

*Other materials will be used to supplement this curriculum

EXPECTATIONS:

Students will be expected to:

- Be on time and prepared for class
- Complete all assignments on time
- Always put forth their best efforts and do quality work
- Stay on task and ask appropriate questions
- Observe all class rules and procedures

HOMEWORK:

Students will receive a homework assignment each night. Assignments will give students the opportunity to practice their skills and demonstrate their understanding of new and previously learned concepts. **Homework will be checked and corrected the next day in class, therefore no late homework will be accepted.**

ABSENCES:

It is the students responsibility to make up ALL work missed due to an absence! A zero will be given for any work (test and quizzes included) if not made up in a timely fashion.

REQUIRED SUPPLIES:

3-ring binder/ dividers - (for math only)
Loose leaf paper
Pencils/pen
Scientific calculator
Dry erase markers
Earbuds (for chromebook use)

TO LOOK AHEAD:

Midterm Exam	January
NYS Math Assessment	April 22 and 23
Cumulative Final	Early June

I look forward to a fun filled educational year with your child. If you have any questions or concerns, please feel free to contact me at kfulton@stcolumba.net
